EDUCATION

BS Information Technology
Major in Software Engineering
Northeastern College, Santiago City
2026

GWA 1.50 (Cum Laude)

Relevant coursework
Data Structures & Algorithms, Software Engineering, Operating Systems, Database Systems, Web & Mobile Development

TECHNICAL SKILLS

Proficient
JavaScript / TypeScript, PHP (Laravel), React, Node.js, MySQL, HTML / CSS

Familiar
Python, Git, Docker, REST APIs, AWS

CERTIFICATIONS

AWS Certified Cloud Practitioner

freeCodeCamp: Full-Stack Web Development

LANGUAGES

English (fluent)
Filipino (native)

PROFILE

Cum laude Information Technology graduate majoring in Software Engineering, with experience developing web and mobile applications and building REST APIs. I enjoy solving practical problems through clean, reliable code and have worked with tools such as Laravel, Node.js, React, and React Native.

WORK EXPERIENCE

Junior Software Engineer | TechStart Solutions — Oct 2026 – Present
Early-stage fintech startup · Santiago City, Isabela

- Developed REST APIs with Laravel and Node.js to support more than 50,000 daily active users, helping reduce average response times by 40%.
- Created responsive features using React and Tailwind CSS, contributing to a 25% increase in sign-up conversion.
- Added unit and integration tests with PHPUnit and Jest, improving code coverage from 40% to 85% and helping catch issues before release.

PROJECTS

Jeepney Route Finder (Mobile App) — 2023

- Built a React Native app that helps commuters find jeepney and bus routes across Metro Manila using the Google Maps API. The app reached more than 1,000 downloads.
- Added offline route caching so users can look up saved routes even when mobile data is unavailable.

Sari-Sari Store POS & Inventory System — 2022

- Created a point-of-sale and inventory system for a local sari-sari store using Laravel and MySQL.
- The project was selected as Best Capstone Project from a group of 30 teams.

LEADERSHIP & ACTIVITIES

Tech Lead | Google Developer Student Club (GDSC) — Aug 2022 – May 2024
Quezon City

- Helped organize more than 10 practical coding workshops and a three-day hackathon attended by over 300 students.
- Supported more than 20 junior members as they learned Git, web development, and technical interview skills.

Member | Competitive Programming Club — Jun 2021 – May 2024
Quezon City

- Took part in HackerRank and CodeChef contests and placed in the top 10% of a national collegiate programming competition.
